NOTE:

IYT Yachtmaster courses are for recreational use only. Upon successful completion of the course you will be issued an IYT Yachtmaster certificate. It does not require completion of the 4 Basic STCW modules although this is highly recommended. The rules and regulations required of professional IYT Master of Yachts schools and instructors/examiners exceed the requirements for the IYT Yachtmaster courses and therefore cannot be upgraded.

I acknowledge and confirm that I have read and understood the above statement.
